

JYPRAGROUP

# COMPANY PROFILE 2023

Jypra Group is a Brisbane-based company that desires to rescue Small and Medium businesses from having one of the worst days of their careers due to a cybersecurity breach. Our goal is to provide affordable Cyber Security services to Small and Medium Business at a fixed price.

## WHY CHOOSE US

- We do Cyber Security, and we do it well. Our consultants have worked with companies like Deloitte, Queensland Police, Queensland state governments, and Dimension Data (now NTT), to name a few.
- Cyber security plans are affordable, transparent, and tailored to your needs.
- Four easy Cyber security service plans to choose from, and you get protection from Cyber threats in a matter of days.
- No project costs, implementation, or configuration costs – it's a fixed price model where we charge monthly.

## AUSTRALIAN REPORTED DATA BREACHES (2021-2022)
